MOHAMMED SARFARAZ

CIVIL ENGINEER

As a final year Civil Engineering student, I bring a combination of hands-on construction experience and a strong foundation in engineering principles. With a background as a Site Supervisor and Project Manager, I have gained valuable skills in project coordination, team management, and construction oversight. My proficiency in interior designing adds a unique edge to my capabilities, allowing me to contribute both technically and creatively to a project. I am a highly motivated and results-oriented individual, eager to apply my skills in a dynamic and challenging engineering environment.
